Re: Patent Application No. 10/035,281

Dear Mr. Bonderer:

As per our conversation last week, I have enclosed the restricted claims. With my submission of claims prior to this, I had canceled the claims relating to FIGS. 7-9. With the current restriction, I have also canceled claims 26-34 which relate to FIGS. 10-23 and I will submit these in a separate application. The current claims 40-52 relate to FIGS. 24-34 and claims 53-59 relate to FIGS. 2-5. I look forward to your response.

Sincerely,

Rohit Khanna, MD
